

**To My Sweetheart, on our
Twentieth Wedding Anniversary**

To some a span of twenty years
Would seem a long, long time,
And yet it passed so very fast
And each year better than the last,
And every one sublime.

I love you with a love that grows
In many ways and more,
And if God will our years fulfill
I swear to love you even still
More than I have before.

Many many kisses,

Your

Josy
